DIVIDEND

In view of the losses, your Directors have not considered dividend for the year under review.

No amount was required to be transferred to Investor Education and Protection Fund for the year under review.

AMOUNT TRANSFERRED TO RESERVES

The Board of Directors have decided not to transfer any amount, in view of the losses, to Reserves for the year under review.

OPERATIONS

In spite of Supply chain and other challenges, the Company's wholly owned subsidiary, Mahindra Aerostructures Private Limited (MASPL) could end the year with 50% higher turnover compared to previous year. MASPL successfully started serial deliveries of the significant package awarded by US based Aircraft OEM. This provides a platform to win more complex work packages. It continues to be a Premier Bidder to the said OEM.

Further, during the year, the MASPL has won multi-year large contracts from two large European based Tier-1 companies and also successfully negotiated renewal of a contract expiring in 2024,

MASPL continues maintain the position "Challenger" and "Best Performer" in the annual quality awards announced by the Europe based Aircraft OEM.

During the year, Mahindra Aerospace Australia Pty Limited ("MAAPL"), a wholly-owned subsidiary of the Company, has sold its entire stake in Gipps Aero Pty Ltd, GA8 Airvan Pty Ltd, GA200 Pty Ltd, Nomad TC Pty Ltd, Airvan 10 Pty Ltd and Airvan Flight Services Pty Ltd, wholly owned subsidiaries of MAAPL (collectively referred to as "MAAPL Subsidiaries") to Mr. George Morgan, former founder of Gippsaero and a Director on the Board of MAAPL Subsidiaries. Following the completion of the aforementioned sale, MAAPL subsidiaries have ceased to be the subsidiaries of MAAPL and that of the Company.

SHARE CAPITAL

The Authorised Share Capital of the Company, as at the end of the year under review, was Rs. 1,205 crores divided into 100,00,00,000 Equity Shares of Rs. 10/- each, 1,50,00,000, 5 % Non-Cumulative Compulsorily Convertible Preference Shares of Rs. 10/- each and 19,00,00,000 0.10% Cumulative Compulsorily Convertible Preference Shares of Rs. 10/- each.

During the year under review, your Board had authorised the issue and offer of upto 40,00,000 (Forty Lakhs) Equity Shares of Rs.10/- each, in one or more tranches, for cash at par aggregating to Rs. 4,00,00,000 (Rupees Four Crores) (revolving limit) to the Shareholders of the Company. Pursuant to the authority granted by the Board, an offer of 17,00,000 (Seventeen Lakhs) Equity Shares of Rs. 10/- (Rupees Ten) each, for cash at par, was made.

MAHINDRA AEROSPACE PRIVATE LIMITED

However, since the offered shares were not subscribed to, the offer was cancelled and added back to the overall issue size of 40,00,000 equity shares to be offered on rights basis going forward.

In view of the above, as at the end of the financial year under review, the issued Share Capital of the Company stood at 91,63,89,607 and paid-up Share Capital of the Company was 91,23,89,607 Equity Shares of Rs.10/- each.

Upon receipt of the consent, the new Director will be co-opted by the Board in accordance with the applicable provisions of the Companies Act, 2013 and Rules made thereunder.

Removal of Directors

If a Director is attracted with any disqualification as mentioned in any of the applicable Act, rules and regulations thereunder or due to non - adherence to the applicable policies of the Company, the Board may, with reasons recorded in writing, remove a Director subject to the compliance of the applicable statutory provisions.

Senior Management Personnel

The Chairman/Managing Director/Whole time Director shall identify persons who may be appointed in senior management team in accordance with the criteria laid down above.

Senior Management personnel are appointed or promoted and removed/relieved with the authority of Chairman/Managing Director/Whole Time Director based on the business need and the suitability of the candidate.

II. SUCCESSION PLANNING:

Purpose

The Talent Management Policy sets out the approach to the development and management of talent in the Mahindra Group to ensure the implementation of the strategic business plans of the Group and the Group Aspiration of being among the Top 50 globally most-admired brands by 2021.

Board:

The successors for the Independent Directors shall be identified by the Board at least one quarter before expiry of the scheduled term. In case of separation of Independent Directors due to resignation or otherwise, successor will be appointed at the earliest but not later than the immediate next Board meeting or three months from the date of such vacancy, whichever is later.

The Board will accord due consideration for the expertise and other criteria required for the successor.

The Board may also decide not to fill the vacancy caused at its discretion.

Senior Management Personnel:

A good succession-planning program aims to identify high growth individuals, train them and feed the pipelines with new talent. It will ensure replacements for key job incumbents in KMPs and senior management positions in the organization.

Significantly, we have a process of identifying Hi-pots and critical positions. Successors are mapped for these positions at the following levels:

1. Emergency successor
2. Ready now
3. Ready in 1 to 2 years
4. Ready in 2 to 5 years
5. Ready in more than 5 years

in order to ensure talent readiness as per a ladder approach.

Policy Statement

The Talent Management framework of the Mahindra Group has been created to address three basic issues:

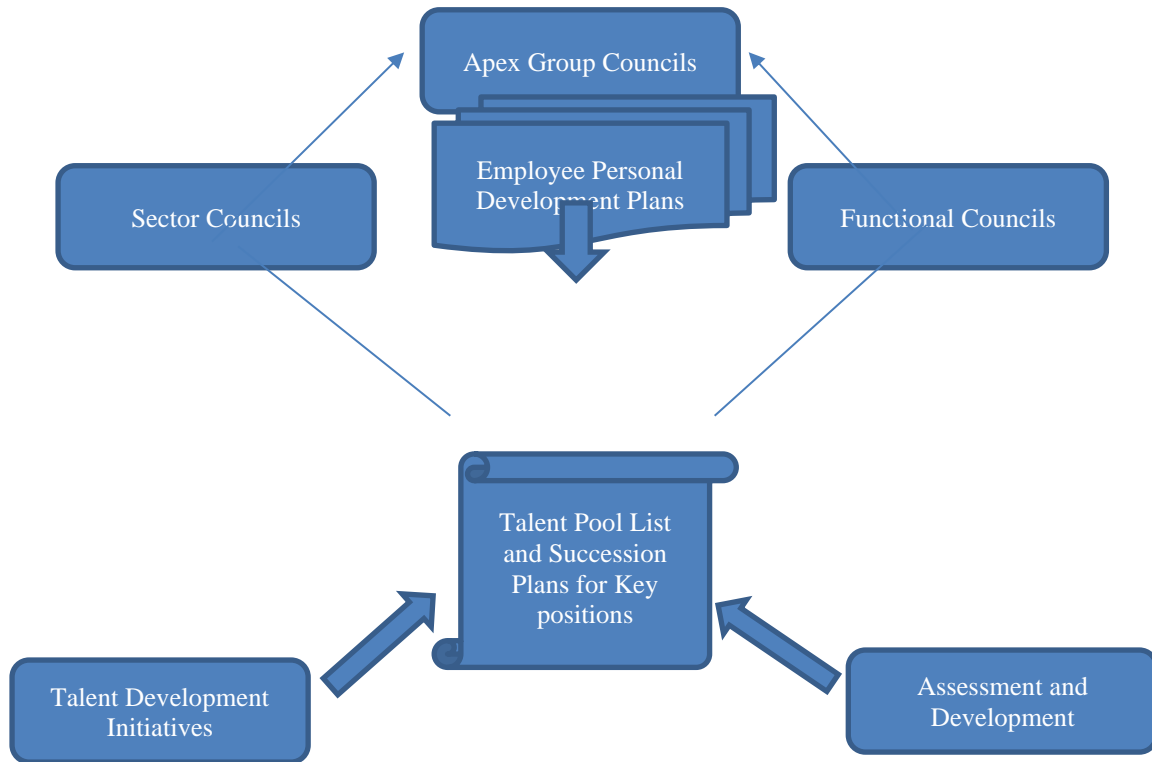

- 1) Given the strategic business plans, do we have the skills and competencies required to implement them? If not, how do we create them - by developing them internally or through lateral induction from outside?
- 2) For critical positions, what is the succession pipeline?
- 3) What are the individual development plans for individuals both in the succession pipeline as well as others?

The framework lays down an architecture and processes to address these questions using the **3E** approach:

- a) **Experience** i.e., both long and short-term assignments. This has 70% weightage
- b) **Exposure** i.e., coaching and mentoring - 20% weightage
- c) **Education** i.e., learning and development initiatives - 10% weightage

The Talent Management process is applicable to all employees. Over the years, the Talent Management framework has become a well-structured and process-oriented system which is driven by an interactive and collaborative network of Talent Councils at the Group and Sector Levels. These Talent Councils, which consist mainly of senior business leaders supported by HR, are a mix of Sector (Business) and Functional Councils coordinated by an Apex Talent Council, headed by the Group Chairman. The Apex Council reviews the work done by the Talent Councils and facilitates movement of talent across Sectors. The Sector/Functional Councils meet regularly throughout the year and the Apex Council interacts with each one of them separately once a year, and in addition conducts an integrated meeting where the Chairpersons of all the Councils are present.

The Talent Management process can be represented pictorially as under:

The talent pipeline is maintained and developed so as to ensure that there is a seamless flow of talent. An important part of this exercise is drawing up and implementing IDAPs (Individual Development Action Plans) for every Executive concerned using the 3E approach mentioned above.

ANNEXURE II B TO THE BOARD'S REPORT
FOR THE YEAR ENDED 31ST MARCH, 2024

POLICY FOR REMUNERATION OF DIRECTORS, KEY MANAGERIAL PERSONNEL AND EMPLOYEES

Purpose

This Policy sets out the approach to compensation of Directors and Key Managerial Personnel in Mahindra Aerospace Private Limited.

Policy Statement

Our compensation philosophy strives to attract and retain high performers by compensating them at levels that are broadly comparable with the median of the comparator basket while differentiating people on the basis of performance, potential and criticality for achieving competitive advantage in business.

In order to effectively implement this, our compensation structure is developed through external benchmarking as appropriate, with relevant players across the industry we operate in.

Non-Executive Including Independent Directors

The Board shall decide the basis for determining the compensation, both fixed and variable, to the Non-Executive Directors, including Independent Directors, whether as commission or otherwise. The Board shall take into consideration various factors such as director's participation in Board and Committee meetings during the year, other responsibilities undertaken, such as membership or Chairmanship of committees, time spent in carrying out their duties, role and functions as envisaged in Schedule IV of the Companies Act 2013 and such other factors as the Board may consider deem fit for determining the compensation. The Board shall determine the compensation to Non-Executive Directors within the overall limits specified in the Shareholders resolution.

Executive Directors

The remuneration to Chairman & Managing Director and Executive Director(s) shall be considered and approved by the Board. The remuneration consists of both fixed compensation and variable compensation and shall be paid as salary, commission, performance bonus, stock options (where applicable), perquisites and fringe benefits as approved by the Board and within the overall limits specified in the Shareholders resolution. While the fixed compensation is determined at the time of their appointment, the variable compensation will be determined annually by the Board based on their performance.

Key Managerial Personnel (KMPs)

The terms of remuneration of Chief Executive Officer (CEO), Chief Financial Officer (CFO) and Company Secretary (CS) shall be determined by the Board and revised, from time to time, either by any Director or such other person as may be authorised by the Board. The remuneration shall be consistent with the competitive position of the salary for similar positions in the industry and their Qualifications, Experience, Roles and Responsibilities. Pursuant to the provisions of section 203 of the Companies Act, 2013 the Board shall approve the remuneration at the time of their appointment.

The remuneration to directors, KMPs and Senior Management involves a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the Company and its goals.

Employees

We follow a differential approach based on industry benchmarking and statutory requirement, depending upon the level in the organization i.e., for all employees from Technician to Senior Management Band, we benchmark with competition from the same industry.

We have a CTC (Cost to Company) concept. In Managerial and Senior Managerial band starting from Grade M3 and above CTC includes a fixed component (Guaranteed Pay) and a variable component (Performance pay). The percentage of the variable component increases with increasing hierarchy levels, as we believe employees at higher positions have a far greater impact and influence on the overall business result. The CTC is reviewed once every year and the compensation strategy for positioning of individuals takes into consideration the following elements:

- ❖ Performance
- ❖ Potential
- ❖ Criticality
- ❖ Longevity in grade

Remuneration for the new employees other than KMPs and Senior Management Personnel will be decided by the HR, in consultation with the concerned business unit head at the time of hiring, depending upon the relevant job experience, last compensation and the skill-set of the selected candidate.

MAHINDRA AEROSPACE PRIVATE LIMITED

The Company may also grant Stock Appreciation Rights and/or Stock Options/Long Term Incentive and Retention benefits to Employees and Directors (other than Independent Directors) in accordance with any Scheme of the Company and subject to compliance of the applicable statutes and regulations.

Independent Auditor's Report

To the Members of Mahindra Aerospace Private Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Mahindra Aerospace Private Limited (the "Company") which comprise the balance sheet as at 31 March 2024, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Mahindra Aerospace Private Limited

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2 A. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

Independent Auditor's Report (Continued)

- b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2(B)(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
 - c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors as on 31 March 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164(2) of the Act.
 - f. The modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2(A)(b) above on reporting under Section 143(3)(b) and paragraph 2B(f)] below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
 - g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- a. The Company does not have any pending litigations which would impact its financial position.
 - b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - d (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 35 to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (ii) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 36 to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
 - e. The Company has neither declared nor paid any dividend during the year.
 - f. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log)

Annexure B to the Independent Auditor's Report on the financial statements of Mahindra Aerospace Private Limited for the year ended 31 March 2024

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra Aerospace Private Limited ("the Company") as of 31 March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial

Annexure B to the Independent Auditor's Report on the financial statements of Mahindra Aerospace Private Limited for the year ended 31 March 2024 (Continued)

statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Mahindra Aerospace Private Limited
Notes to the financial statements for the year March 31, 2024

1. Corporate Information

Mahindra Aerospace Private Limited (the 'Company') is a company domiciled in India, with its registered office situated at Mahindra Towers, P.K Kurne Chowk, Worli, Mumbai - 400018. The Company was incorporated on February 28, 2008, under the provisions of the Indian Companies Act, 1956. Presently the Company is holding investments in subsidiaries engaged in the business of manufacturing aircrafts and Aerostructures and design and development of 5 seat aircraft.

2. Basis of preparation and Material accounting policies:

2.1 Basis of preparation

A. Statement of compliance

The financial statements of the company have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015, as amended and notified under section 133 of the Companies Act, 2013 (The 'Act') and other relevant provisions of the Act.

The financial statements were authorised for issue by the Company's Board of Directors on 22 April 2024.

Details of the Company's accounting policies are included in Note 2.2

B. Functional and presentation currency

These financial statements are presented in Indian Rupees (Rs.), which is also the Company's functional currency. All amounts have been rounded-off to two decimal places to the nearest lakhs, unless otherwise indicated.

C. Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Certain financial assets and liabilities	Fair value

D. Use of estimates and judgements

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Mahindra Aerospace Private Limited
Notes to the financial statements for the year ended March 31, 2024

Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

Note 3 leases: whether an arrangement contains a lease and lease classification.

Assumptions and estimation uncertainties:

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending March 31, 2024 is included in the following notes:

Note 22 - recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources.

Note 29 - recognition of deferred tax assets: availability of future taxable profit against which tax losses carried forward can be used;

Notes 4 and 5 - impairment of financial assets.

E. Measurement of fair values

Certain accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values.

The valuation team regularly reviews significant unobservable inputs and valuation adjustments.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into a different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Further information about the assumptions made in the measuring fair values is included in the following notes:

- Note 21 - financial instruments.

2.2 Material accounting policies

a) Impairment of assets

i. Financial Assets

The company accounts for its investment in subsidiaries at cost less accumulated impairment, if any. Investment in subsidiaries is evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs. If such assets are considered to be impaired, the impairment to be recognised in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years.

b) Other Income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in other income in the Statement of Profit and Loss.

Mahindra Aerospace Private Limited

Notes to the financial statements for the year ended March 31, 2024

c) Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight line method from the commencement date over the shorter of lease term or useful life of right of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

d) Financial Instruments

A. Recognition and initial measurement

The Company initially recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are measured at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition. .

B. Classification and subsequent measurement

i. Financial assets carried at amortized cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii. Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

iv. Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Investment in subsidiaries, joint venture and associates

Investment in subsidiaries, joint venture and associates Investment in subsidiaries, joint venture and associates is carried at cost in the financial statements.

Mahindra Aerospace Private Limited

Notes to the financial statements for the year ended March 31, 2024

C. De-recognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the right to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial assets are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and a new financial liability with modified terms is recognised in the Statement of Profit and Loss.

D. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or realise the asset and settle the liability simultaneously.

e) Income tax

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

i. Current tax:

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Mahindra Aerospace Private Limited

Notes to the financial statements for the year ended March 31, 2024

ii. Deferred tax:

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits.

Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of transaction.
- temporary differences related to investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used.

Deferred tax assets recognised or unrecognised are reviewed at each reporting date and are recognised / reduced to the extent that it is probable / no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

The Company offsets, the current tax assets and liabilities (on a year on year basis) and deferred tax assets and liabilities, where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis.

f) Foreign currencies:

Transactions in foreign currencies are initially recorded by the Company at their functional currency spot rates at the date of the transaction. Monetary assets and liabilities denominated in foreign currency are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rates are recognised as income or expenses in the period in which they arise. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rates at the date of transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

Mahindra Aerospace Private Limited

Notes to the financial statements for the year ended March 31, 2024

g) Business combination

Business combinations arising from transfers of interest in entities that are under the control of the shareholder that controls the Company are accounted for as if the acquisition had occurred at the beginning of the earliest comparative period presented or, if later, at the date that common control was established; for this purpose comparatives are revised. The assets and liabilities acquired are recognised at their carrying amounts. The identity of the reserves is preserved and they appear in the financial statements of the Company in the same form in which they appeared in the financial statements of the acquired entity. The difference, if any, between the value of net assets and the consequent reduction in value of investment held by the Company is transferred to the capital reserve or to the accumulated balance of profit and loss.

h) Provisions and contingent liabilities

i. General:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

ii. Contingent liabilities:

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

(iii) Onerous contracts:

Provision for onerous contracts. i.e. contracts where the expected unavoidable cost of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognised when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event based on a reliable estimate of such obligation.

i) Segment reporting

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. The Company's chief operating decision maker is the Managing Director.

Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Inter segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors. Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on a reasonable basis have been included under "unallocated revenue / expenses / assets / liabilities".

j) Cash and cash equivalents

Cash and cash equivalents includes cash on hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

k) Earnings per share

Basic Earnings Per Share ('EPS') is computed by dividing the net profit / (loss) attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit / (loss) by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the year, unless issued at a later date. In computing diluted earnings per share, only potential equity shares that are dilutive and that either reduces earnings per share or increases loss per share are included. The number of shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented in case of share splits.

l) Cash flow statement

Cash flows are reported using indirect method, whereby net profits before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from regular revenue generating (operating activities), investing and financing activities of the Company are segregated.

Mahindra Aerospace Private Limited
Notes to the financial statements for the year ended March 31, 2024

m) Impairment of non-financial assets

At each reporting date, the Company reviews the carrying amounts of its non-financial assets (other than biological assets, investment property, inventories, contract assets and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of an individual asset or CGU is the greater of its value in use and its fair value less costs of disposal. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its recoverable amount.

Impairment losses are recognized in profit or loss. They are allocated to reduce the carrying amounts of the other assets in the CGU.

An impairment loss in respect of other assets for which impairment loss has been recognized in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

n) Recent accounting pronouncement

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As at March 31, 2024, MCA has not notified any significant new standards or significant amendments to the existing standards which are applicable to the Company.

Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The fair value of cash and cash equivalents, bank balance other than cash and cash equivalents, borrowings, trade payables, other current financial assets and liabilities approximate their carrying amount largely due to the short-term nature of these instruments. The Company's long-term debt has been contracted at market rates of interest. Accordingly, the carrying value of such long-term debt approximates fair value.

Investment in equity shares of subsidiaries are not appearing as financial asset in the table above being investment in subsidiaries accounted under Ind AS 27, Separate Financial Statements which is scoped out under Ind AS 109.

There have been no transfers among Level 1, Level 2 and Level 3 during the period.

B Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the risk management framework. The Company's management oversees how management monitors compliance with the risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

C Financial risk management objectives and policies

The Company's principal financial liabilities comprise trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include investments, other receivables, deposits and cash and cash equivalents that derive directly from its operations.

The Company is exposed to the following risks from its use of financial instruments:

- Market risk
- Credit risk
- Liquidity risk

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings. The sensitivity analyses in the following sections relate to the position as at March 31, 2024 and March 31, 2023. The sensitivity analyses have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt and derivatives and the proportion of financial instruments in foreign currencies. The analyses exclude the impact of movement in market variables on: the carrying values of gratuity and other post retirement obligations and provisions.

The following assumptions have been made in calculating the sensitivity analyses:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2024 and March 31, 2023.

a. Interest rate risk

The company doesn't have borrowings. Hence interest rate risk is not applicable.

b. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's does not have any exposure to the risk of changes in foreign exchange rates as there are no operations being carried out (revenue or expense is denominated in a foreign currency) by the company.

c. Foreign currency sensitivity

The company doesn't have any foreign currency exposure outstanding as at balance sheet date. Hence foreign currency sensitivity risk is not applicable.

(ii) Credit risk

Company does not have any operations and hence credit risk is not applicable.

Financial Instrument and Cash Deposit

Credit risk from balances with banks and financial institutions is managed by the Company's operation department in accordance with the Company's policy. Investments of surplus funds are made only with approved Banks within the limits assigned. These limits are reviewed by the Company's Board of Directors as and when required. The limits are set to minimise the concentration of risks and therefore mitigate financial loss and potential failure to make payments. The Company's maximum exposure to credit risk for the components of the statement of financial position at 31st March 2024 and 2023 is the carrying amounts.

Mahindra Aerospace Private Limited
Notes to Financial Statements for the year ended March 31, 2024

iii Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company has an appropriate liquidity risk management framework for the management of short, medium and long term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate cash reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The table below summarises the maturity profile of the company's financial liabilities based on contractual undiscounted payments.

D Capital management:

The Company's capital management objectives are:

- to ensure the Company's ability to continue as a going concern.
- to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The Company monitors capital on the basis of the carrying amount of equity and profit and loss account as presented on the face of the statement of financial position.

The Company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. The Company is not subject to externally enforced capital regulation. The Company's capital requirements are substantially met through the issue of equity to the holding companies.

There is no change in the overall capital risk management strategy of the Company compared to last year.

22. Contingent liabilities:

- (a) In February 2019, Supreme Court of India in its judgement clarified that certain special allowances should be considered to measure obligation under Employees Provident Fund Act, 1952. The Company has been legally advised that there are interpretive challenges on the application of judgement retrospectively and as such does not consider there any probable obligations for past periods. Accordingly, based on legal advice the company has made provision for provident fund contribution from the date of Supreme court order. The probable obligation for past periods amounting to Rs. 0.30 Lakhs has been considered by the Company as contingent liability.
- (b) The estimated amount of contracts remaining to be executed on Capital account and not provided for Rs.Nil (2023: Rs. Nil)

Note 30- Impairment

The Company has long-term investments in subsidiaries which are measured at cost less impairment or at fair value through profit or loss. The management assesses the performance of these entities including the future projections and relevant economic and market conditions in which they operate to identify if there is any indicator of impairment / reversal impairment, in the carrying value of the investments. For this purpose, business operations of each subsidiary is treated as a Cash Generating Unit (CGU)

In case indicators of impairment exist, the impairment loss is measured by estimating the recoverable amounts based on the higher of (i) 'fair value less cost of disposal' determined using market price information, where available, and (ii) 'value-in-use' estimates determined using discounted cash flow projections, where available.

The fair value less costs of disposal is determined using the market approach. The future cash flow projections are specific to the entity based on its business plan and may not be the same as those of market participants. The future cash flows consider key assumptions such as volume projections, margins, terminal growth rates, etc. with due consideration for the potential risks given the current economic environment in which the entity operates. The discount rates used are pre-tax rates based on weighted average cost of capital and reflects market's assessment of the risks specific to the asset as well as time value of money.

The Company has performed impairment analysis on Investment in Subsidiaries as at the year end. The recoverable amount of the CGU was estimated based on the present value of the future cash flows expected to be derived by the CGU itself (value in use), using a pre-tax discount rate of 18.60% and a high growth rate of 16.50% from FY 2034 – FY 2038 and terminal value growth rate of 5% thereafter . The recoverable amount of the CGU was estimated to be higher than its carrying amount and no impairment was required. Further, no impairment loss recognised in the earlier periods was considered for reversal given that, sensitivities on the key assumptions could have resulted in situation where, no reversal was warranted during the current year. (2023: Impairment reversal of Rs. 17,686.00 Lakhs)

The estimate of value in use was determined using a pre-tax discount rate of 18.60% (2023: 18.90%) and a terminal value growth rate of 16.50% from FY 2034 – FY 2038 (2023: 14.50% from FY 2032-FY 2037)

Particulars	Rs. in lakhs	
	For the year ended March 31, 2024	For the year ended March 31, 2023
Provision / (reversal) for diminution in value of investment	-	(17,686.00)
(Reversal of)/Impairment loss	-	(17,686.00)

Recoverable amount as follows:

Particulars	Rs. in lakhs	
	For the year ended March 31, 2024	For the year ended March 31, 2023
Investment in subsidiaries	37,200.00	37,200.00

The net reversal of impairment loss has been included in other income Rs. Nil (2023: Rs. 17,686.00 Lakhs) [Refer Note 14]
During the year the Company reassessed its estimates and no impairment loss recognized (2023: Rs.Nil)

The recoverable amount of this CGU was based on fair value less costs of disposal, estimated using discounted cash flows.

The key assumptions used in the estimation of the recoverable amount are set out below. The values assigned to the key assumptions represent management's assessment of future trends in the relevant industries and have been based on historical data from both external and internal sources.

Particulars	Rs. in lakhs	
	For the year ended March 31, 2024	For the year ended March 31, 2023
Discount rate	18.60%	18.90%
High Growth rate	16.50%	14.50%
Terminal value growth rate	5.00%	5.00%
Budgeted Average EBITDA growth rate	25.13%	27.64%

The discount rate was a pre-tax measure based on the rate of 10-year government bonds issued by the government in the relevant market and in the same currency as the cash flows, adjusted for a risk premium to reflect both the increased risk of investing in equities generally and the systematic risk of the specific CGU.

The cash flow projections included specific estimates for nine years and a terminal growth rate thereafter. The terminal growth rate was determined based on management's estimate of the long term compound annual EBITDA growth rate, consistent with the assumptions that a market participant would make Budgeted EBITDA was estimated taking into account past experience, adjusted as follows

Revenue growth was projected taking into account the average growth levels experienced over the past nine years and the estimated sales volume and price growth for the next nine years. It was assumed that the sales price and sales volume would increase in line with forecast inflation over the next nine years.

The estimated recoverable amount of the CGU exceeded its carrying amount by Rs. 9,645.00 Lakhs (2023: Rs. 17,686.00 Lakhs). Management has identified that a reasonably possible change in three key assumptions could cause the carrying amount to exceed the recoverable amount and therefore, in the current year, impairment loss recorded in the earlier periods was not reversed. The following table shows the amount by which these three assumptions would need to change individually for the estimated recoverable amount to be equal to the carrying amount.

Particulars	Rs. in lakhs	
	For the year ended March 31, 2024	For the year ended March 31, 2023
Discount rate	1.39%	-
High Growth rate	-10.90%	-
Budgeted Average EBITDA growth rate	-2.12%	-

For the year ended March 31, 2023, since there has been impairment reversal, any change in the assumptions would result in lower impairment reversal and accordingly, the break-even is at the assumptions considered in the discounted cash flow model.
